PROFESSIONAL SUMMARY

Solution Architect at Agence Togo Digital since February 2026 and Full Stack Developer with **7+ years of experience** designing, architecting, and deploying scalable Web and Mobile applications. Strong expertise in **Laravel, Vue.js, Flutter and NestJS**, with additional experience in **Next.js, Angular and Django**. Skilled in system architecture, technical documentation, and building secure, high-performance APIs.

Autonomous, proactive, and business-oriented, I excel at **transforming requirements into reliable technical solutions** and delivering high-quality products for the public and private sectors.

CORE SKILLS

Category	Skills
Architecture	System architecture, API design, Clean Architecture, Design Patterns, UML, technical documentation
Frameworks / Backend	**Laravel**, **Nest.js**, Symfony, Node.js, Django
Frameworks / Frontend	**Vue.js**, **Nuxt.js**, Next.js, Angular, Inertia.js
Mobile Development	**Flutter (Dart)**, Kotlin
Databases	MySQL, PostgreSQL, MongoDB
DevOps & Tools	Git (GitHub/GitLab), Docker, CI/CD, Postman
Methodologies	Agile/Scrum, RESTful APIs, MVC
Languages	French (Fluent), English (Intermediate, currently improving)

PROFESSIONAL EXPERIENCE

Solution Architect | **Agence Togo Digital (ATD)** *February 2026 – Now* | *Lomé, Togo*

- **Design the system architecture** of several public administration digitalization projects.
- **Produce technical documentation** (requirements, specifications, technical design, API contracts).
- **Oversee delivery** of digital public services, from requirements analysis to deployment.

Full Stack Developer | **Agence Togo Digital (ATD)** *October 2025 – January 2026* | *Lomé, Togo*

- **Continued the development** of the national tourism platform as part of the agency's team.
- **Contributed** to the agency's other public digitalization projects, from backend to frontend.

Full Stack Developer (Consultant) | **Agence Togo Digital (ATD)** *March 2025 – September 2025* | *Lomé, Togo*

- **Designed and developed** the backend (Nest.js) of a critical national tourism platform.
- **Contributed** to key architectural decisions ensuring system performance and scalability.

Full Stack Developer | **RTK Agency** *December 2024 – Now* | *Togo* | *Remote*

- **Develop and maintain** high-performance RESTful APIs and complex web applications using Laravel and Vue.js/Nuxt.js.
- **Contribute** to mobile projects (Flutter) and frontend initiatives.
- **Improve code efficiency** and **enforce quality standards** through code reviews and **best practices**.

Software Engineer Consultant | **Kutiwa** *April 2024 – March 2025* | *Senegal* | *Remote*

- **Built and deployed** robust APIs using Laravel for multiple client projects.
- **Demonstrated versatility** by contributing to Symfony, Flutter and WinDev projects.

Full Stack Developer | **Kimoasoft** *October 2022 – October 2024* | *Lomé, Togo*

- **Led the development** of full-stack Web and Mobile applications using Laravel, Vue.js/Nuxt.js and Flutter.
- **Supervised** a small development team and managed code reviews to ensure quality.
- **Delivered** products **on schedule** while maintaining high code standards.

Web Developer | **Zoé Tech Group** *September 2022 – October 2022* | *Lomé, Togo*

- **Migrated** an entire school management system from **Symfony 5 to Laravel 9**.
- **Redesigned** the UI to significantly improve the UX.

Web / Mobile Developer | **Agence Web E-Services** *January 2021 – March 2022* | *Lomé, Togo*

- **Designed and integrated** Web, Mobile and Desktop applications.
- **Developed optimized and reusable client modules.**

Web Developer | **Ingénieurs & Experts** *December 2019 – March 2020* | *Lomé, Togo*

- **Developed PHP and JavaScript modules.**
- **Applied best practices** in development and **continuous integration**.
